

Global Technology Finance

has paid more than
560 Technology
Vendors over
\$6 billion!

Sell MORE
in 2012!
Partner with us!

We facilitate revenue growth for both Technology Vendors and their VARs.

Sell more: Global Technology Finance (GTF) vendor payment processing and surety provides a comprehensive solution that eliminates the capital risks and administrative constraints typical in Reseller, Dealer and Logistic Partners (VARs). Different from other financing models which provide credit surety based on the credit of the VAR, GTF provides credit support based on the quality of the end-user's finances. As a result, the GTF financing solution is more flexible and supportive of both the VAR and Technology Vendor partner needs.

Get paid precisely on time: Our guarantee to pay our Vendor partners precisely per terms is collateralized by GTF's security position in continuously monitored, Fortune 1000 end-user accounts, and backing from leading financial institutions.

“Our non-bank, flexible program works better for the VAR, our Vendor Partner and the customer. Our results prove it.”

— Paul Stemler, GTF President

Partner with us:

- **No “paid when paid” (consigned sales)**
GTF will make payment precisely per terms and our vendor partners have a “true sale”.
- **No complicated legal agreement needed between vendor and GTF**
We simply agree to pay per your terms.
- **No cost to vendor**
- **GTF can take on troubled or constrained VARs**
Due to our unique underwriting process.
- **GTF has the expertise**
Our only focus is serving the technology vendor community. We move quickly to document and facilitate orders, now.
- **No need for “escrow-type” programs**
These programs create “friction” with end-users adding significant documentation, negotiation and closing risk.

Global Technology Finance

**We finance
Technology Partners.**
